The thing that has been most successful with our ministry is that our leaders love the students and become a part of their lives. In return, the students love each other, support each other, and are very close, but also very welcoming of new students. We all (students and teachers) feel called to glorify God and challenge each other to do the same which involves challenging each other, correcting each other, and holding each other accountable. Please encourage your students to try us out. We already have a few from Milligan and many from ETSU, but we'd love to have more.
