Preferred by Employers

The Bachelor of Science in Nursing (BSN) degree is preferred by most nursing leaders and provides the best opportunities in today’s job market, including one of the highest starting salaries in any field. You’ll find that a BSN is a requirement for many positions. It is also the entry point for graduate studies, nurse practitioner, and nurse anesthetist programs.

Convenient

The accelerated RN-BSN is designed for working professionals. Courses will be delivered through a combination of face to face, hybrid, and online techniques. Students will only be required to be in class one day a week.

Admission Requirements

- Must be a graduate of an NLN accredited registered nurse (RN) diploma or associate degree program.
- Transfer a minimum of 27 hours of coursework from a regionally accredited institution comprised of the following (semester hours): English composition (3); behavioral/social sciences (3); history, fine arts, philosophy or literature (3); speech communications (3); anatomy and physiology with lab (8); microbiology (4); probability and statistics (3).
- Must hold an unencumbered Tennessee license as an RN or a license from a compact state.
- Must be employed as an RN

Faculty

The nursing faculty at Milligan are clinical experts in their particular practice areas. Their academic credentials, practical “real-world” experiences, continued professional research and development, and national professional certifications combine to provide a quality nursing education. Furthermore, they are dedicated to your academic, personal, and spiritual growth.

Accreditation

Milligan’s B.S.N. program is approved by the Tennessee Board of Nursing (TBN) and accredited by the Commission on Collegiate Nursing Education (http://www.aacn.nche.edu/ccne-accreditation).

Please check our website for the most recent updates at www.milligan.edu/RN-BSN.

“We are very excited to offer Milligan’s RN to BSN curriculum in a way that will make it easier for registered nurses to advance their education.” — Dr. Melinda Collins, Chair of Nursing
