

High School Course Planner

for Grade _____

Instructions

The table below will help you better plan and organize your high school courses.

- ▶ Print a copy of the table for each year of high school.
- ▶ Fill in the courses you must take for high school graduation.
- ▶ Use the remaining space to fill in the courses recommended for your desired program of study.

If you need help determining requirements or finding out what courses are available to you, speak to a counselor.

Once you have completed your course planner, ask a parent or counselor to review it to make sure you included every course you need to graduate and to meet your goals.
