This document is designed as a guide for students planning their course selection and is only a suggested schedule. Actual course selections should be made with the advice and consent of the academic advisor. While accurately portraying the information contained in the Catalog, this form is not considered a legal substitute for that document. Students should become familiar with the Catalog in effect at the time in which they enter Milligan.

2 Biology 110 is recommended for students whose previous experience in Biology has not adequately prepared them for Anatomy and Physiology. Students should discuss this with their advisor before registering for spring classes.
